

December 23rd 2010

Hi Chris,

I cannot tell you how many compliments I have received from friends who noticed the change in my facial scars after my using the stones for about 6-9 months. Many of my friends had no idea I was using the technique but they recognized the improvement.

I have almost completed my latest book, "The Beauty Of Disfigurement: How To Cope With Looking Different"

I have a chapter on techniques to improve appearance and I am adding a section on your methods.

The book should be introduced in Feb.-March and a promotion is being planned by the Burn Support Charitable Trust here in New Zealand and at the World Burn Congress in Cincinnati in September.

Again I want to thank you for your amazing technique and wonderful care we received.

Please also express our thanks to Danny for his contribution to our wellbeing.

Delwyn and I extend our warmest wishes to you and your family for the holiday season and for the New Year.

Warmest regards,

Alan & Delwyn

Alan Breslau
